

Our Commitment to Accessibility

The **Savannah Grace Foundation** is deeply committed to ensuring that our digital resources, services, and website are accessible to everyone, including individuals with disabilities. We believe that our community in Powell, Tennessee, and beyond deserves an inclusive digital experience, and we work continually to align our website with prevailing accessibility standards.

Conformance Status & Our Journey

The **Savannah Grace Foundation** is currently in the process of learning about digital accessibility standards. While our goal is full conformance with **WCAG 2.1 Level AA standards**, we recognize that some parts of our website do not yet fully meet these guidelines. We view accessibility as an ongoing journey of learning, testing, and implementation.

Current Accessibility Features

To ensure an inclusive experience, our website incorporates features such as:

Keyboard Navigation: Ensuring all menus, links, and forms can be navigated without a mouse.

Alternative Text: Providing descriptive text for non-decorative images to assist screen-reader users.

Color Contrast: Maintaining a high level of contrast between text and backgrounds to assist visually impaired visitors.

Form Accessibility: Utilizing clear labels and instructions on donation portals, volunteer sign-up forms, and contact forms.

How We are Taking Action

To support our growth and improve our digital presence, the **Savannah Grace Foundation** is currently taking the following steps:

Initial Testing: We are beginning to evaluate our website using basic accessibility tools to find and fix errors.

Prioritizing Improvements: We are focusing our first phase of updates on our most critical pages, such as our homepage, Board of Directors page, and our donation portal.

Feedback and Contact Information: We are here to support you. If you experience any technical barriers, need assistance with any content, or want to suggest an improvement, please contact our dedicated accessibility representative at [Insert email address, phone number, mailing address]. We aim to review and respond to all inquiries within [e.g., 2 to 3 business days].
